VIPER®

5810V

LED 2-Way Security & Remote Start Digital System

Pre-cool your car in summer or pre-heat in winter. Vipers' 5810V is a digital 2-way security and remote start system that is designed specifically for today's modern vehicles. This system allows control of your factory remote immobiliser using the bundled Viper remotes, Vipers' Smart Start application, or via your car's standard remote key fob, giving you remote start from a 3x press of the remote lock button. Confirm commands and receive alerts via the remote with 2-way system communication.

Vipers' Digital System Advantages:

- Integrates to the immobilisation and central locking systems of your vehicle
- One module to locate & wire, not two as with conventional systems
- Much simpler installation, saving you time and money; even simpler with the range of Directed T-Harnesses
- Main system & interface programming is consolidated
- Plug & Play connection to Viper SmartStart modules
- 3x press remote start integrates with factory key remotes
- Includes One 5-button 2-way LED Remote and one 5-button 1-way Remote
- Responder LE remote for up to 1.5km range
- Full security & remote start functionality
- LED command confirmation with 2-way Remote Control
- 3x Lock Remote Start from factory key fob
- 514LN Revenger® 6-tone Mini-Neo Siren
- Stinger® DoubleGuard® Shock Sensor
- Manual trans and pit stop mode
- Doors, boot and bonnet protection
- Sensor input for additional sensor protection
- Includes remotes and control centre / antenna
- Includes bonnet pin, relay connector, LED/ Valet Combo Switch
- Viper SmartStart Ready*
- External Temperature sensor probe optional (ACC-TEMP101)
- Lifetime Manufacturer's Warranty. Conditions Apply
